RE: Coakley Landfill Superfund Site
North Hampton, NH
Notice of Failure to Respond to Request
For Information

Dear Mr. Calder:

Mayor Sullivan has referred your letter of December 4, 1989 to me. At his direction, I have met with the Director of the City's Department of Public Works and asked him to review his departmental records for any information pertaining to the Coakley Landfill site. He has researched all of his records and made inquiries of all of his staff, and has not found any references to the Coakley landfill site. Also, Mr. Martin Rubco of the Department of Public Works called you and Attorney Timothy Williamson in order to obtain further identifying information that would assist the City in answering your request, but you were unable to give him any further information.

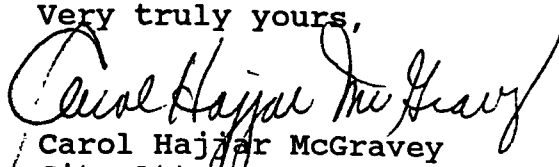

Therefore, at this time, in response to the Request for Information, the City must state that no one has any knowledge of any relationship of the City of Lawrence to the Coakley Landfill Site, and the City has likewise been unable to locate any records or information with regard to said site. This is reflected in the enclosed Response to the City of Lawrence to your Request for Information.

Should you be able to provide the City with any further information which would assist us in answering your request,

Mr. Steven J. Calder
January 3, 1990

kindly forward it to me and we will make every endeavor to
cooperate with your office.

Very truly yours,

Carol Hajjar McGravey
City Attorney

RE: Request for Information
Coakley Landfill Superfund Site
North Hampton, NH

RESPONSE OF CITY OF LAWRENCE
TO REQUEST FOR INFORMATION

GENERAL INFORMATION

1. Raymond DiFiore, Director, Department of Public Works, City of Lawrence.
2. See below.
3. All of the records of the Department of Public Works pertaining to disposal of the materials by the City have been searched, and no reference of any kind has been found to the Coakley Landfill site. I have also made inquiries of all persons working in my department who may have had any knowledge concerning this matter, and no one is aware of any connection between the City and the Coakley landfill. Based on these inquiries, to the best of my knowledge at the present time, I have no knowledge of any connection between the City and the Coakley landfill. My remaining answers are based on this knowledge and belief.
4. None.
5. None.
6. None.
7. None.

Mr. Steven J. Calder
